

## Sorting and Ordering “Questions to Prompt” Questions

---

Check points:

- 1) Do the questions relate to your quotations? (1–5 for quotation #1 and 6–10 for quotation #2)
- 2) Does each question ask about a new idea **AND** encourage deeper thought? (No repetition, and no low-level thinking.)
- 3) Does each question relate to either the literary device in question and/or the mood developed?
- 4) Is there at least **ONE** question per quotation that relates directly to mood?
- 5) Is there at least **ONE** question per quotation that relates directly to the effect on readers and/or purpose?
- 6) Decide on the order of the questions—if you were answering each in paragraph form, what order would you answer/discuss them?
- 7) Use these check points to create the best questions possible to answer for your commentary.
