

# Tools for Survival in Mrs. Dewey's Class!!!

Congratulations! You have made it through a full year with Mrs. Dewey in Humanities! With the hope and intention that you will return again next year, your assignment is to create a survival kit list of things you need in order to be as successful as possible in Mrs. Dewey's class. Your task is as follows:

Create a list of at least ten necessities for success in my classroom (these can be tangible, such as school supplies, but also non-tangible, such as respect).

Explain, in 2-3 sentences each, why each of these necessities are needed.

Illustrate each necessity, and illustrate well.

Make a visual presentation of your list to post in this classroom (Google Slides) both for incoming humanities students to see as well as my incoming freshmen English students to see.

Thanks for all your hard work this year!! You truly have been a joy. ☺
